Listen closely to what I am about to tell you? You are a Saint, you're not coming across that way, but you are pretty close. All the good work you have done for people, and when you cross over?

People will be calling upon you to protect them, in time. Of course you will help. You will be a protector of faith and healing.

My Son, Mark will call upon you one day. He wishes to be Prime Minister? I think you will be very eager to help out?

It's cold out there, but warming up for him. He's getting the sack, so to speak, and never danced harder, all our dreams are coming true, and the Government are here. He will never put his Mother down again, or think she is Whacky....

You're close to suicide at the moment, your Women has left you. Packed her bags and gone. You were with other Women. Well, she's sold her soul, and coming back, and you will be true as they come. A retirement for you. May be you misjudged how she felt for you? She never complimented you, or said nice things to you. But really she had so much to say , but couldn't, a bit like saying "I love you" She was so overwhelmed that she could not speak. You really are a hunk in her eyes, believe it or not?

You may try music a bit like Bowie in his old days? But it's a good one?

The police are after you taxes not paid? Tell them to shove off, for God's sake. I don't think you will pay it? It has come your time, and they can't get blood out of stone. Near the end of your time, so don't worry about it!

May not happen it you keep up your protection, which I think you will?

The Government have robbed people blind. You will get it back when you pass over. A lot is given to you for free!

When you pass over, you will live with you Grandma for a few years. Scott free, the Government will pay for it. With Swimming pool and all the luxuries.....You have no worries. A Gym their too.....

All your animals are with you too, a farm yard, including a sheep and may be cow. "Daisy"

They loved you and you loved them back. They are waiting for you!

You may get into music on the other side. But not right away. You are a very ambitious person.

The people do not want you to do music, they want they action hero. They will not let it down!

So I'm afraid the music is a long way off.....

There are a few films for you on the other side. Western kind of thing, and very funny

A Doctor's Mistress is coming your way, she is from the past, you will be with her for a life time.....

She wrote to you many times, but you never answered. You were engaged. Well she's coming back, in time....

The postie coming, many presents, and overseas travellers, that wish to stay with you.....

They will ask many questions about your love life. Real sticky beaks. They will keep asking, until their Questions are met?....They will not go away either. They have made a home at your place. You thought it would be for a few weeks, or so? No, they are staying. Welcomed any way.....You may have to ask one or two to move out. You're paying for everything.....Living it up, that's why they are staying? You have it so good. They may be dark skinned or that's a metaphor....

The computer needs fixing. Scams everywhere. You may be caught up in one? Be wary. They will take your money and run.....May be logged in to your bank account, or something. Change password? They will not get much

They did not realise who you were? And did not take much....?

Nicole Kidman very much in the lime light. You may do something together? A love story of sorts. Be a good picture...

Well, I hope this makes you happy, Arnold
